

Dear,

This holiday season we are asking you to support our [Give Roma Hope campaign](#) and offer Roma families in Bulgaria the gift of a secure home.

The Roma population of Bulgaria, according to some estimates, is between 500,000 and 800,000 people. Almost half of them are currently living in poverty housing. This usually means no heating, running water, or bathroom. Very often homes are overcrowded or simply falling down. Many of the houses are in bleak neighborhoods on the outskirts of major cities.

As a result, Roma are caught in the vicious cycle of poverty, where lack of proper housing limits their educational options, ability to learn skills and to earn a decent wage. [Read the Jordanovs and Naidenovs family story.](#)

Habitat has developed programs in Bulgaria to meet the needs of Roma families. You can also help these families break the cycle of poverty and make the first step towards a brighter future!

Buy a gift this holiday season and help families in Bulgaria.

Please make a secure online donation in [U.S. Dollars](#) or in [Euros](#) today.

Sincerely,

**Mincho Benov**  
**Executive Director**  
**Habitat for Humanity Bulgaria**

**Give Roma the  
Gift of Hope this Winter**

**DONATE IN €**

**DONATE IN \$**
