

Haiti Earthquake leaves thousands homeless

MAKE AN EMERGENCY CONTRIBUTION TODAY!

Dear Habitat supporter,

Imagine the fear of the earth shaking violently beneath you as you would never have thought possible. Imagine the utter terror of your home crumbling in around you. While the assessments are just beginning, already we know that the 7.0 earthquake that hit Haiti's capital of Port-au-Prince Tuesday is a catastrophe of major proportions.

[Your support NOW is critically important!](#) The extent of Habitat's ability to help families rebuild their homes and lives after this devastating earthquake will depend on the funds we can raise for the work-and on how quickly those funds are available.

Habitat has worked in Haiti for 26 years - and we will be there for the long term to help families whose homes were lost get back into safe, decent and affordable housing.

[Support the victims in Haiti with an emergency online donation.](#)

We thank you for your help during this critical time.

Sincerely,
Habitat for Humanity team

Haiti earthquake victims need your help

► DONATE NOW!

Habitat for Humanity International is a Christian non-profit organization dedicated to the cause of eliminating poverty housing. Since its foundation in 1976, Habitat has built and renovated more than 350,000 houses worldwide, providing simple, decent and affordable shelter for 1.75 million people.

In Europe and Central Asia Habitat for Humanity International works in 20 countries, building and repairing houses, offering housing microfinance services, improving water and sanitation, working on disaster mitigation and response and advocating for affordable housing. In this region, Habitat has served more than 8,000 families together with volunteers and homeowners.
