

RV Care-A-Vanners September 2010

Dear RV Care-A-Vanners,

Our build in Salem, Ohio—their first time hosting Care-A-Vanners—went well. We left one house completely roofed and sided and trimmed, and painted another. The affiliate was more than pleased! Care-A-Vanners were the main reason they were able to expand from two to three houses this year, which is precisely our mission with Habitat for Humanity.

The special sign-up procedure for the Alice, Texas, builds went well. The builds filled up in minutes. Those who did not get on the builds are on the waitlist. We believe the process was fair and continue to look for warmer climate winter builds.

The online registration program is essentially finished, and we will soon begin using it behind the scenes when you call in a request. You will then receive a computer-generated confirmation e-mail. When we're satisfied that it's working properly, we'll make the announcement we've all been waiting for.

We'll be traveling for the next two weeks or so, but we'll still be answering your calls and serving your needs wherever we are.

In partnership,

Mary (and Tony) Campbell

Monthly Care-A-Vanner trivia: Do you know?

How many houses have been built by Habitat for Humanity worldwide? How long did it take to reach 100,000 houses? 200,000? 300,000?

Report Care-A-Vanner hours

We record the number of volunteer hours Care-A-Vanners contribute. Team leaders provide this information at the end of each build, but individuals should report hours served through drop-in or ongoing builds to the Care-A-Vanner office at Habitat for Humanity International. If you build with an affiliate as a Care-A-Vanner outside of a scheduled build, please report your total hours worked to the Care-A-Vanner desk by sending a short e-mail to rvinfodesk@habitat.org.

Welcome and applause to our new Care-A-Vanners!

My apologies if I have included a seasoned Care-a-Vanner. Habitat for Humanity is grateful for the work that you do!
