

In Puerto Rico,

1 IN 7 HOUSEHOLDS

spend more than half of their income on housing.

Lower-income households are especially likely to have unaffordable housing costs, requiring more than 30% of their income.

Share of households paying over 30% of their income on housing¹

Share of households paying over 50% of their income on housing¹

Increasingly, the typical renter can't afford to buy a home in Puerto Rico.

Income needed to purchase a median-priced home

\$33,051 per year²

Median renter income

\$15,600 per year³

The underproduction of housing is driving up unaffordability and impeding efforts to close racial and ethnic gaps in homeownership.

Homeownership rates by race/ethnicity³
