## Number of families served

## Active countries

In March 1984, Jimmy and Rosalynn Carter worked with Habitat in Americus, Georgia. They quickly realized that our mission closely aligned with their values, and a partnership was formed. Throughout their involvement with the Carter Work Project, President and Mrs. Carter have become tireless advocates, active fundraisers, and some of our best hands-on construction volunteers. Inspiring millions, President and Mrs. Carter have worked alongside more than 104,000 volunteers in 14 countries to build, renovate and repair 4,390 homes. They also have made quite an impression on thousands of Habitat homeowners and volunteers.
