Global Education Toolkit

Education toolkit is a free **online** educational resource that provides knowledge and practical educational tools on **housing, land rights and sustainable urban development**.

The toolkit is divided into **6 chapters**:

- Sustainable development and SDGs
- Sustainable urban development and SDG11
- Urbanization and slum upgrading
- Gender equality and housing
- Migration and climate change
- Land rights

Each chapter contains:

- theoretical background of the topic
- **3 lesson plans**
- **3 shorter exercises**
- **research project**
- **action project**

The toolkit is very **adaptable** to the needs of the educator concerning topic of interest, time constraints or group size. The aim is to educate and raise awareness about these issues among EU youth (**15-18 years old**).

Habitat for Humanity is a global nonprofit organization that partners with people in communities all over the world to help them build or improve a place they can call home.

Global Village

The volunteer program in which volunteers travel abroad is called Global Village. A Habitat for Humanity Global Village trip is a short-term service trip during which you can volunteer abroad. Through Habitat's Global Village trips, volunteers are able to serve abroad in nearly 30 countries.

Build Solid Ground

The Global Education Toolkit was created as part of the Build Solid Ground Project, which is funded by a European Union grant under the Development Education and Awareness Raising program. 14 project partners from seven EU countries have formed a consortium to inform, educate and engage EU citizens in global issues.
